Fuel (applies only if freight is being quoted) at 26.0%

We have quoted this/these part(s) based upon applying our current control plan parameters and pretreatment capabilities. If it is determined that the coolants, chemicals, cleaners, lubricants, etc., that you use to process and manufacture the part as quoted, not be a solid fit in regards to meeting our criteria for safe and effective application of paint to your parts, we reserve the right to void this quote accordingly, due to lack of chemical compatibility. Please reference our website at www.proplating.com for more information concerning this information and chemical compatibility. You may contact one of our Sales Estimator-Planners to discuss these concerns further.

We have quoted this/these part(s) with the intent that the parts will arrive in "Ready to Finish" condition. PPI's quote does not include extra precleaning/blasting/sanding, unless otherwise noted, due to material conditions such as rust, laser scale, weld scale, etc.

This quote does not include extra labor to unwrap parts from paper or foam

or to remove parts from individual bags or pouches. PPI reserves the right to change the quotation to add pricing for the accomplishment of unwrapping of parts at PPI. If that is how you elect to ship parts to PPI, it must be noted in the RFQ so that it can be accounted for in the quote.
